Directions

One pound equals approx. 3 cupfuls

Soil Preparation

When preparing gardens for vegetables or tomatoes apply 3.5 lbs. of Garden-tone per 50 square feet and work into the top 4 to 5 inches of soil. When possible, organic matter such as compost, humus, or peat moss should be mixed into the top 4 to 5 inches of soil.

Feeding Vegetables and Tomatoes

- Feed seedlings and transplants one week to 10 days after planting.
- Single plants: Sprinkle 1/3 cup per plant.
- Rows: Sprinkle 1-1/3 cup each side per 5 ft. of row or 10 lbs. each side per 100 ft. of row.

Methods and Frequency

- Apply in a single band around single plants.
- Feed alongside of row. Keep 3 inches from stem.
- Feed monthly throughout the growing season.
- Always water thoroughly after feeding.
